SKILLS

Technical Skills HTML5, CSS3, Responsive Web Design, Bootstrap, Tailwind CSS, JavaScript, AJAX, jQuery, React.js, Version Control, Figma, Performance Optimization, Debugging and Testing

Soft Skills Collaboration, Problem Solving, Time Management, Adaptability, Creativity, Critical Thinking, Leadership, Attention to Detail

EXPERIENCE

Frontend Developer

Dec 2023 - Mar 2024

Innovius Software ♦ Internship

Ahmedabad, GJ

- Crafted visually captivating websites using HTML5 and CSS3, prioritizing responsive design for seamless user experiences across all devices.
- Leveraged Bootstrap to elevate site performance and streamline CSS, ensuring code cleanliness and adherence to modern design standards.
- Implemented robust version control strategies to manage project workflows effectively, from staging to production environments, enhancing team collaboration and deployment efficiency.
- Applied advanced JavaScript techniques including DOM manipulation, AJAX for asynchronous data retrieval, and jQuery for rapid, efficient scripting, empowering dynamic web interactions.
- Engineered efficient Single Page Applications (SPA) with React.js and Tailwind CSS, employing server-side rendering strategies to minimize page load times and accelerate UI development cycles.

EDUCATION

Bachelor of Technology in Computer Science, Silver Oak University

Expected 2025

Achieved a cumulative CGPA of 8.5 out of a possible 10, demonstrating strong and consistent academic performance.

PROJECTS

Tic Tac Toe — React.js, Tailwind CSS

A classic Tic Tac Toe game built with React.js, enhanced for responsiveness and user experience using Tailwind CSS. It includes an intuitive interface, interactive board, reset button, and real-time winner announcement. Achieved outstanding performance with a Lighthouse score exceeding 90 for both mobile and desktop. ([Try it here](#))

Travelia — HTML5, CSS3, Responsive Web Design, JavaScript, Version Control

Travelia is a state-of-the-art travel website optimized for seamless user experiences across all devices. With a stellar performance score of over 90 in Lighthouse reports for mobile and desktop, it excels in SEO, best practices, and accessibility. ([Try it here](#))

Divya Infocom — HTML5, CSS3, Responsive Web Design, Bootstrap, JavaScript

Developed a dynamic business portfolio website optimized for seamless user experiences across all devices. Utilizing HTML, CSS, Bootstrap, and JavaScript, the site features a modern design and interactive elements. Focused on ensuring responsiveness, cross-browser compatibility, and user-friendly navigation to enhance customer engagement. ([Try it here](#))
